NYSDEC 4-Hour Erosion & Sediment Control Training

Friday, December 18, 2026

Check-in begins at **8:45 am**;
Training begins **promptly** at:
9:30 am – 2:00 pm
Photo ID **required** on day of training.
Breakfast and snacks will be provided.

Event Overview:

Under the NYS Department of Environmental Conservation's Stormwater Permit, all developers, contractors and subcontractors must identify at least one trained individual from their company that will be responsible for implementation of the SWPPP and have at least one trained individual on site on a daily basis when soil disturbance activities are being performed. Also, developers must have a qualified inspector conduct regular site inspections in accordance with the construction general permit.

Qualified Inspectors and Trained Contractors must attend 4 hours of training in the principles and practices of erosion and sediment control endorsed by NYS DEC every 3 years.

Upon completion, each participant will receive a NYSDEC SWT number, valid for 3 years from the date of training.

Training is required for those who are not CPESC, LA, or PE certified.
